Question: How much do you already know about school-based decision making councils?

What's a council?		I've heard someone mention SBDM councils, but I'm not sure what they do.		I've served on a council in the past and assumed I was doing what I was supposed to be doing.			I am <u>confident</u> in my role as a council member, understand that policies and decisions rest on the council, and I know where to seek advice/information when I am uncertain.
